CTC's latest Travel Fair showcase new destinations and exclusive spots

Avid travelers can look forward to a wider choice of destinations and great deals

Singapore, 16 August 2007 – The travel bug returns this month with bigger and better deals at Commonwealth Travel's (CTC) travel fair held on 17 – 19 August and 24 – 26 August at Marina Square Shopping Mall (Linkbridge Atrium Level 2), and Suntec City Galleria Foyer respectively. Travelers planning for their year-end holidays will be spoilt for choice as new destinations and attractions exclusive to CTC are made available for the first time.

A key highlight is the launch of new itineraries to Vietnam, India, Israel and Macau during the travel fairs. Customers can get to visit Beth Shean, one of Israel's oldest and best preserved cities, or soak in the luxury of Macau's much awaited Venetian Resort Hotel.

Exclusive attractions, especially available only to CTC's customers, are also bound to catch the eye and heart of the savvy traveler. Winter sports enthusiasts can go skiing in Japan's biggest single ski resort, Rusutsu or head to Zao in Yamagata to see the "Snow Monster" – Juhyo. Other exclusive spots include the Desert Hot Springs in USA, Loire Valley in France and a beauty skin care course in one of Korea's beauty academy.

"We have increased our new destinations and tour packages for the travel fair by close to 30% this year, as we believe that more Singaporeans will be keen to travel out this year-end. We expect the travel deals to be snapped up rather quickly, with at least 60% of our packages sold at the travel fair," said Mr. Lee Chuen Kiat, Manager (Marketing & PR), Commonwealth Travel Service Corporation Pte Ltd. CTC has also made an additional 30-40% block airline bookings to popular destinations such as Japan, China and Australia in anticipation of the demand.

Customers at the travel fair for the two weekends can also look forward to lucky draws, sure-win games and prizes such as bar fridges, entertainment systems, movie tickets and product vouchers.
